

## Playdough Pictionary

### Materials Needed

#### Playdough

Different colors are fun, but not necessary. You can use store bought, or make it yourself. Anything will work.

#### List of Words

Create a list of words that relate to Christmas. (Our suggested list is below) Add any other words that you think would be good for your family.

Print off one copy of the words (included at the bottom of the post) for each team. Cut the words into strips and put them in a bowl or baggie. One set for each team.

### How to Play

1. Divide your group into teams. If there are only two or three of you, check out the variations below.
2. Give each team playdough. Two or more colors per team is really fun.
3. When it is time to "Start", have one person from each team choose a word out of the bowl. They will look at the word and "Sculpt" that word for their team using the playdough. No talking, noise making, actions, or any other hints or gestures. As they sculpt, the rest of the team tries to guess what they are making.
4. Once the team has guessed the word correctly, the next team member pulls another word out of the bowl and begins to sculpt for the team.
5. Continue taking turns sculpting until all the words in your team's bowl have been guessed. The team to do that first, WINS!

### Variations

- Set a timer for a certain amount of time. When the time is up, the team with the most words guessed correctly wins.
- If you are playing with two or three people, don't worry about splitting into teams. Have each person take turns sculpting for the whole group. Keep score as individuals. The person with the most points at the end of the game WINS!
- If you are playing with small children who can't read, draw pictures instead of putting words on the clue papers.
- This game works great with big groups of people. Divide into teams and choose a host to handle the words. Send one person from each team up to see the word. Have both teams sculpt the same word at the same time.

## Christmas Words for Playdough Pictionary
